

7TH Indo-POWER 2012

Indonesia's premier International Exhibition on Power Generation & Transmission, PV Power, Energy & Renewable Energy

From 4 ~ 6 April 2012

@Jakarta International Expo [JI Expo] , Jakarta - Indonesia

Concurrent Exhibitions

Post Show Report

CEMS-Global - Conference & Exhibition Management Services Ltd.- USA, the Multinational Exhibition Organizer since 1992, with its operations in 87 countries and organizing over 37 Exhibitions per annum, in its efforts to organize the most important and much needed Trade Shows in South-East Asia & pleased to bring its Premier International 'POWER series of Exhibitions' to Indonesia - the '7th Indo-POWER 2012 International Expo' – focusing and devoted to the development of Power Generation & Transmission, Alternative Power, PV Power, Energy and Renewable Energy sectors of Indonesia, at 'JI EXPO', Kemayoran - Jakarta, from APRIL 4 ~ 6, 2012 .

To create more platforms for the Renewable Energy sector and Electronics associated to Power & Energy, CEMS-Global had further announced well defined segmented concurrent exhibitions which will be held alongside, '7th Indo-Power 2012 International Expo', namely, 'Indo-Renewable Energy 2012 Expo', '3rd Indo Solar Power 2012 Expo' and 'Indo E-Power 2012 Expo'.

This International exhibition has been Co-Sponsored by TÜV SÜD PSB PTE Ltd.

Co-partner

Supported by

Endorsed by

'7th Indo-POWER 2012 International Expo' is endorsed by the 'Ministry of Energy & Mineral Resources – Republic of Indonesia', and the below mentioned associations:

- **Asosiasi Pabrik Kabel Listrik Indonesia (APKABEL)**
- **Asosiasi Industri Perlampuan Listrik Indonesia (APERLINDO)**
- **Asosiasi Produsen Peralatan Listrik Indonesia (APPI)**
- **Asosiasi Kontraktor Listrik dan Mekanikal Indonesia (AKLI)**

This Exhibition brought together under one roof all stakeholders in the Power & Energy Industry under one B2B platform and a significant leap can be taken in Indonesia's Power & Energy sector by close interaction between the exhibitors of the Exhibition from over 10 countries and the local entrepreneurs leading to successful partnerships & Joint- Ventures to accomplish the Government's Vision of fulfillment of people's aspirations and successfully facing the challenges of the sector.

With the ever-growing power & energy needs of Indonesia thus making a need to explore newer opportunities in the Power, Energy, PV (Photo Voltaic) and Renewable Energy sectors of Indonesia, 7th Indo-POWER 2012 will be the perfect B2B platform for the entire Power & Energy Industry of Indonesia including Indonesian Industry stakeholders who will attend and get the opportunity to see the latest technologies and innovations in the Power Generation and Energy sector thus delivering a great networking opportunity.

Tata BP Solar, India

PT Aneka Jaya Langgeng Sentosa
(AJLS), Indonesia

Multi-B SDN BHD, Malaysia

Shenzhen Ocean's King Lighting
Engineering Co., Ltd. - China

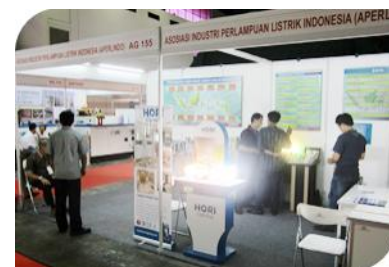

Hence with display of latest innovations and technology of the world in Power & Energy sector in '7th Indo – Power 2012 International Expo', the Expo played an important role in familiarizing our local entrepreneurs with the newest technology right at our doorsteps, in this highly potential sector of our Country with a huge scope for expansion. The Government also wants to seek new technology with emphasis on tapping the alternative energy sources for Power Generation like coal-fired power plants or any other source, which would take a big load off our existing gas reserves.

PT Bambang Djaja, Indonesia

Besides Exhibitors from over **10 countries**, visitors came to Indonesia from different parts of the World to visit the '7th Indo-Power 2012 Expo' to familiarize themselves with the Power & Energy sector of Indonesia and see the Investment climate where the Government is encouraging Foreign Investments in the Power & Energy sector of Indonesia and urging the Business community to go for Joint-Ventures, which would not only further expand our Power Generation capacity but also support the Government's poverty alleviation program by generating more employment.

The Expo brought world-class technology to Indonesia which was beneficial to upgrade our Power & Energy sector and also play an important role by assembling the entire business community of Indonesia from all the industry sectors of our country under one roof thus creating a one-of-a-kind networking opportunity ever seen in Indonesia and to appraise them of the latest developments and technology available in the sector.
