`2nd POWER Sri Lanka 2010 International Expo' with `Renewable Energy Sri Lanka 2010', `PV Power Sri Lanka 2010' and `E-Power Sri Lanka 2010', brought together specialists engaging in the Power Engineering Industry, leading Manufacturers and Distributors / Representatives of Power, PV Power, Energy & Renewable Energy systems from all over the world to Sri Lanka.

This Exhibition brought together under one roof all stakeholders in the Power & Energy

Industry under one B2B platform and a significant leap can be taken in Sri Lanka's Power & Energy sector by close interaction between the exhibitors of the Exhibition from over 10 countries and the local entrepreneurs leading to successful partnerships & Joint-Ventures to accomplish the Sri Lanka Government's Vision of fulfillment of people's aspirations and successfully

United Tractor & Equipment Ltd. [Caterpillar, USA] facing the challenges of the sector.

With the ever-growing power & energy needs of Sri Lanka thus making a need to explore newer opportunities in the Power, Energy, PV (Photo Voltaic) and Renewable Energy sectors of Sri Lanka, 2nd POWER Sri Lanka 2010 will be the perfect B2B platform for the entire Power & Energy Industry of Sri Lanka including Sri Lankan Industry stakeholders who will attend and get the opportunity to see the latest technologies and innovations in the Power Generation and Energy sector thus delivering a great networking opportunity.

2nd POWER Sri Lanka 2010 provided the Exhibitors a not-to-be-missed opportunity further establish business contacts and get face-to-face and interact directly with the visiting Trade Delegations, Industrialists, Importers, Distributors, Agencies hence a great and only B2B platform of its kind in Sri Lanka and a unique opportunity with a rapidly developing Industry sector where investments are now on a rise with new Industrialization making Sri Lanka a very important Business destination in South Asia.

Cummins – Trade Promoters Ltd.

With display of latest innovations and technology of the world in Power & Energy sector in '2nd Power Sri Lanka 2010 International Expo' with its concurrent exhibitions on Renewable Energy and E-Power, the Expo played an important role in familiarizing the local entrepreneurs with the newest technology right at the doorsteps, in this highly potential sector of the Country with a huge scope for expansion. The Government also wants to seek new technology with emphasis on tapping the alternative energy sources for Power Generation like coal-fired power plants or any other source, which would take a big load off our existing gas reserves.

Besides Exhibitors from over 10 countries, visitors came to Sri Lanka from different parts of the World to visit the '2nd Power Sri Lanka 2010 Expo' to familiarize themselves with the Power & Energy sector of Sri Lanka and see the Investment climate where the Government is encouraging Foreign Investments in the Power & Energy sector.
